

As Buffalo and the rest of the world struggle with the uncertainty of the COVID-19 virus, we want to reassure our guests that we have escalated our procedures to ensure a safe and sanitary environment. These additional measures go above and beyond our extraordinarily high standards.

- Any team member not feeling well will be encouraged to stay home.
- One time use menus and special cards will be used.
- Extensive sanitation will be done in the kitchen, bar, between table uses and in common areas.
- Double mandatory minimum for hand sanitation.
- Take Out is available at all of our locations. We also subscribe to third-party delivery services.

We are all hoping for an expeditious cessation of the virus and wish everyone and their families good health. Thank you for your continued support and patronage.

Sincerely,

Chuck Mauro & Henry Gorino
